

# National General Accident & Health has a new name and look with Allstate Health Solutions

As of September 2022, the National General Accident & Health individual health care business line transitioned to Allstate Health Solutions.

This put the power of the Allstate brand behind National General's quality individual coverage offerings. This includes an expansive portfolio with over 15 different products to keep members covered for a variety of situations.

These products are typically sold to consumers outside of the workplace, such as short-term medical, dental, and Medicare supplement insurance – all of which minimize a customer's medical out-of-pocket costs. Our group health products are supported by Allstate Benefits.

**We are excited about the opportunities this integration offers you and your customers!**

With individual products through Allstate Health Solutions, you can help your customers reach their goals and feel empowered knowing they have reliable protection that can help them achieve their goals through our affordable and simple solutions.

As we transitioned our brand to Allstate Health Solutions, your customers and anyone on their plan see a new look, but nothing changed regarding how they manage and use their plan.

**THERE IS NO ACTION NEEDED ON YOUR PART.** The current process for appointments, contracting, enrollment, and commissions will remain unchanged.

Allstate Health Solutions is a marketing name for products underwritten by National Health Insurance Company, Integon National Insurance Company, Integon Indemnity Corporation and American Heritage Life Insurance Company.
